

5-6 YO - Red 1 - Pre Rally Kids

Cannon Ball:

Tracking and catching a large play ball.

The pro lines up a group of players in a circle and then tosses a large play ball into the air so it bounces inside the circle. The pro also calls the name of one player and that player must move from their spot and catch the ball after only one bounce.

The longer the pro waits to call the player's name the tougher the drill is.

V: The Ice Cream cone variation is the same drill, but now the players must try to catch the ball after one bounce by balancing it in the opening of a cone.
